About the Event

Visit the Information Session to learn more about the College of Law and Public Policy's innovative Juris Doctor (JD) graduate law program that was developed in partnership with Northwestern Pritzker School of Law. This program trains graduates students from a range of disciplines in the skills needed to understand the diverse legal systems – civil, common, and Sharia – that underline Qatari law and that govern complex events and transactions, both in the region and internationally. Faculty members will be available to answer questions on curriculum and research opportunities, and there will also be a chance to meet our admissions team to discuss program application requirements.
