About HBKU
Hamad Bin Khalifa University (HBKU), a member of Qatar Foundation for Education, Science, and Community Development (QF), was founded in 2010 to continue fulfilling QF’s vision of unlocking human potential.

HBKU is a homegrown research and graduate studies university that acts as a catalyst for positive transformation in Qatar and the region while having a global impact.

Located within Education City, HBKU seeks to provide unparalleled opportunities where inquiry and discovery are integral to teaching and learning at all levels, utilizing a multidisciplinary approach across its focus areas.

The university provides an array of graduate programs through its College of Islamic Studies, College of Humanities and Social Sciences, College of Science and Engineering, College of Law, College of Health and Life Sciences, and College of Public Policy.

HBKU is also home to three research institutes – Qatar Biomedical Research Institute (QBRI), Qatar Computing Research Institute (QCRI), and Qatar Environment and Energy Research Institute (QEERI) – which together with the colleges are at the forefront of efforts to seek novel solutions to grand challenges facing Qatar and the region.

Additionally, HBKU’s Executive Education Center delivers customized programs for the business community of Qatar and the region.
At Hamad Bin Khalifa University, our people are our greatest strength, and when students enroll in one of our academic programs, they become part of a thriving community that is committed to the pursuit of excellence and innovation. HBKU has a mandate to build and cultivate human capacity by offering students an enriching academic experience that extends beyond the classroom. By utilizing unique collaborations with local and international partners, we aim to tackle the challenges of the region and the world through interdisciplinary education and innovative research.

HBKU is proud to offer students the opportunity to learn from world-renowned faculty and industry leaders through our colleges and our three national research institutes, providing the knowledge, skills and experience necessary to become experts in their chosen fields, and take their careers to the next level. HBKU is situated in a regional economic and cultural hub, and our students benefit greatly from exposure to diverse perspectives as they determine how to use their degrees to positively contribute to their own development and that of their communities, whether in Qatar or across the world.

Additionally, HBKU benefits from an exceptional student-to-faculty ratio and from being based in Education City – a unique hub of learning that offers students a wealth of opportunities to play an active role in a vibrant multicultural environment.

As a student at HBKU, you have the opportunity to play a key role at an institution that, at its heart, is committed to innovating today and shaping tomorrow.
Research

Research is the cornerstone of Hamad Bin Khalifa University’s commitment to building human capacity through interdisciplinary education and innovation that supports Qatar’s journey towards sustainable growth. HBKU’s interdisciplinary research and education environment is distinguished by a unique synergy among the colleges and research institutes.

The university’s students, faculty, and researchers work within an ecosystem that addresses challenges of national priority and contributes to outcomes with a tangible impact on society. Collectively, they are achieving breakthroughs in the fields of biomedicine, genomics and precision medicine, information and communications technology and sustainability, while advancing knowledge across the humanities, Islamic studies, law, and public policy.

At each of the six colleges, students work under the guidance of faculty to conduct research that results in tangible solutions and innovative outcomes.
About the College of Humanities and Social Sciences
The College of Humanities and Social Sciences (CHSS) was established with a vision to enrich society in Qatar and across the wider world with transformative educational experiences that bridge disciplinary boundaries and offer the academic community opportunities to engage in innovative research and collaboration. We aspire to nurture a diverse body of academically grounded and socially responsible global citizens, whose versatility will enable them to navigate the complexities of today’s world and become the leaders of tomorrow.

The college currently offers a Doctor of Philosophy (PhD) program in Humanities and Social Sciences, and five interdisciplinary Master’s degree programs; MA in Audiovisual Translation; MA in Translation Studies; MA in Intercultural Communication; MA in Digital Humanities and Societies; and MA in Women, Society and Development. The MA programs in Translation Studies and Audiovisual Translation are delivered by the Translation and Interpreting Institute (TII) and internationally validated by the University of Geneva in Switzerland.

Through TII, the college also offers high-level training workshops, a range of language programs, as well as quality professional translation and interpreting services. TII was founded in 2012 with a remit to build capacity in Qatar and the region and to function as a physical and virtual space that delivers sophisticated translator and interpreter education, high-level training in a range of languages, and quality translation and interpreting services of the highest international standards. Its core mission is to equip students for a successful career as translators and interpreters in multiple language combinations.
The Translation and Interpreting Studies Department (TISD), at the Translation and Interpreting Institute (TII), spearheads an ambitious strategy for postgraduate education in the region, delivering a unique set of graduate programs to train leading professionals working between Arabic and a range of languages in all areas of translation and interpreting.

The department offers the following MA programs:
- Master of Arts in Translation Studies (MATS)
- Master of Arts in Audiovisual Translation (MAAT)
- Master of Arts in Intercultural Communication (MAICC)

The Middle Eastern Studies Department (MESD) aims to tackle the fusion and fluidity of identities, cultures, and knowledge production in the region and beyond. The department and its MA programs encourage the examination of the international and indigenous scholarship production and how they enhance the understanding of Arab and Qatari development contexts for the study of women’s role in society, and the impact of different digital technologies on communication, media, culture, and human development needs in the region.

The department offers the following MA programs:
- Master of Arts in Women, Society and Development (MAWSD)
- Master of Arts in Digital Humanities and Societies (MADHS)

The PhD in Humanities and Social Sciences is the first degree of its kind in Qatar, and one of the few in the world providing students with the philosophical and technical grounding to design and tailor their own interdisciplinary program. The program is flexible, accommodating students who wish to apply their interdisciplinary research in a variety of subjects in the fields of humanities and social sciences, while allowing for specializations through a dissertation.
The Translation and Interpreting Institute (TII) was established in 2012 with a vision to offer world-class education in translation, interpreting and foreign languages, contributing to the growth of a knowledge-based economy as a center of education and research, and a service provider and employer.

TII’s mission is to provide a comprehensive suite of postgraduate programs in translation and interpreting that prepare qualified graduates for professional and scholarly careers. It is committed to advancing research in the various fields of translation studies and serving the community by providing foreign language education and offering high-quality translation and interpreting services.
In addition to offering three academic degrees, the Translation and Interpreting Institute (TII) houses three centers:

**Translation and Training Center**

The Translation and Training Center (TTC) aims at bridging the gap between the academic and professional aspects of translator training. The center aims at promoting community development and building capacity through continuing education opportunities in translation and interpreting, as well as offering quality translation and interpreting services to Qatar Foundation and strategic partners.

The center designs and implements training workshops with a view to developing the professional and technical skills that professionals and students require to access the translation market, especially in the areas of quality assurance, project management and entrepreneurship. In addition, TTC offers internship programs to TII’s students, where they have the opportunity to work under the supervision of highly qualified professionals.

The center’s translation and interpreting training and services are undertaken by a highly qualified team of professionals. In addition to offering translation, interpreting, and audiovisual translation services, TTC delivers professional development workshops to the wide community of translation professionals and communicators. Due to the wide range of offerings, TTC engages and collaborates with various entities within Qatar, including ministries, museums, educational institutes, and among others.

**Language Center**

The Language Center (LC) offers excellent language training in twelve languages, namely Arabic, English, French, German, Italian, Japanese, Korean, Mandarin Chinese, Portuguese, Russian, Spanish and Turkish. The courses can be taken for personal enrichment or for professional purposes. Therefore, there are various course formats whose content ranges from basic language instruction and language for professional and special purposes, to language for travel.

The center’s language classes are normally held twice a week for 12 weeks. All four skills are taught: listening, speaking, reading, and writing, while placing emphasis on communication, which is often of greatest interest to adult students.

Some courses are divided into two parts: two shorter courses of five or six-week sessions each, to give greater flexibility to students who travel or have scheduling difficulties.

**Acquiring language in its cultural context is also an integral part of the center’s teaching philosophy.** The center organizes a program of cultural events to expose the students to the cultures of the languages they are learning, and works closely with foreign embassies in Qatar, as well as international language and cultural institutions.

In addition to adults’ language programs, LC offers a range of language programs for kids and teenagers in Arabic, French, German, Italian, Mandarin Chinese, Portuguese, Spanish, and Turkish. During classes, children will learn to understand and express themselves in the language of choice taking an exciting journey into the culture, where they will be practicing through well-structured lessons and diverse activities such as songs, games, crafts, music, drama, and art.
The Academic Writing and Research Excellence Center (AWARE) assists students with their academic writing and research skills in both English and Arabic. Students can benefit from its services in three ways: by attending workshops, scheduling individual one-to-one tutorials with instructors, and visiting the digital resources LibGuide pages which are accessible via the AWARE homepage.
Students and Alumni

Graduates of CHSS programs leave with sound knowledge in applications and methodologies used within the interdisciplinary fields of Translation and Interpreting Studies and Middle Eastern Studies. Graduates are equipped with all the skills and experience they need to contribute to and excel in a rapidly changing world.

Our interdisciplinary programs enable our alumni to work within various fields in Qatar and the region.

Some of the fields in which our alumni work include:

The Doctor of Philosophy (PhD) in Humanities and Social Sciences is the first degree of its kind in Qatar, and one of the few in the world. The program provides students with the philosophical and methodological grounding to design and tailor their own interdisciplinary research project while specializing through a dissertation.

The program is flexible, accommodating students who wish to apply their interdisciplinary research in various subjects in the fields of humanities and social sciences, while allowing for specializations through a pathway to a PhD in an established field at the time of graduation. In addition, it exposes them to identity-making, policy-making, development strategies, institution building, leadership guidance, and sustainable development.

Students will draw from a standard curriculum and gain skills in interdisciplinary research, yet graduate with a PhD in a field that will offer them substantial employment opportunities. Aligned with the objectives of Qatar National Vision 2030, the program equips its students with the personal and professional skills to ensure all graduates are prepared to work globally, with strong sustainability values and connections to the community.

Graduates of the program are equipped to:
- Engage with themes and ideas that cut across disciplines
- Demonstrate expertise in disciplines within relevant fields
- Demonstrate expertise in theory
- Acquire knowledge for advancing research towards societal and scholarly impact
- Produce original interdisciplinary research

Potential future jobs:
- Academic
- Applied linguist
- Independent researcher
- Postdoc researcher
- Social communication specialist
- Social development specialist
- Sustainable development specialist
- Translation specialist

The MA in Audiovisual Translation (MAAT) delivered by TII is designed to train specialists in the mediation of audiovisual texts, both for foreign language viewers and sensory-impaired audiences.

The flourishing field of audiovisual translation opens itself to fundamental and applied research in a wide range of domains. Taking audiovisual text as its focus area, research can address technical and technological issues, as well as linguistic and/or cultural and ideological issues. In audiovisual translation, socially oriented scholars will find ample space for applied research with an impact in domains such as television, the arts, cultural, and educational contexts.

In 2021, the Faculty of Translation and Interpreting (FTI) of the University of Geneva officially granted validation for the MAAT program.

Graduates of the program are equipped to:

- Master the practical and technological skills required for a career in subtitling, dubbing, voiceover, subtitling for the hard of hearing and audio description.
- Use their enhanced analytical skills in a practical setting.
- Pursue careers in translation or opt for advanced research at PhD level.

Structure

Students are taught by CHSS faculty who are leading scholars and researchers in their fields, and by distinguished visiting professors and experts working in the field of translation.

The program, which includes work placement experience, is taught in state-of-the-art computer labs equipped with the latest professional subtitling and voicing software.

The program is benchmarked against the highest international standards.

Curriculum

A two-year full-time program, or a three-year part-time program, that requires 39 credits with eight required courses, two electives, an internship, and a thesis.

All courses are conducted face to face and are classroom-based. They are taught in English and take place on campus at HBKU.

The MA in Translation Studies (MATS) delivered by the Translation and Interpreting Institute (TII) is designed to train highly skilled translators in the areas of business and commerce, science and technology, literary translation, legal and medical translation, and translation of media texts, as well as translation for international organizations.

The acquisition of practical translation competence is complemented by advanced training in the use of translation technology and work placement experience. A theoretical component encourages sophisticated intellectual inquiry, thus equipping students with a sound foundation for professional work and doctoral study in the field of translation studies.

In May 2020, validation for the MATS program was officially renewed by the Faculty of Translation and Interpreting (FTI) of the University of Geneva.

Graduates of the program are equipped to:

- Work as in-house translators in various sectors, including media, industry, tourism, advertising, insurance, banking, and public administration, as well as for international organizations (e.g. United Nations agencies).
- Specialize as editors, revisers, terminologists, or translation project managers.
- Start their own businesses or take a competitive examination to become sworn (certified) translators working for the courts of justice in Qatar.
- Pursue careers in translation or opt for advanced research at PhD level.

Structure

Students are taught by CHSS faculty, who are leading scholars and researchers in their fields, and by distinguished visiting professors and experts working in the field of translation.

Students are introduced to professional experience through an internship at TII’s Translation and Training Center or with external partners, such as companies or ministries. Further insights are provided by professional translators’ contribution to practical courses.

The program is benchmarked against the highest international standards.

Curriculum

A two-year full-time program, or a three-year part-time program that requires 39 credits with eight required courses, three electives, an internship and a thesis.

The MA in Intercultural Communication (MAICC) offered by Hamad Bin Khalifa University's College of Humanities and Social Sciences (CHSS) is the first degree of its kind in Qatar. Students in this program will engage in research, education, and outreach with a view to understanding the challenges of today’s changing intercultural settings in Qatar and worldwide. The program aims to prepare graduates and researchers to explore new research in a relatively new discipline and to lead and manage transformative changes in Qatar and globally. It will operate as a research-driven interdisciplinary program with the aim of proposing sustainable solutions for effective intercultural communication in today’s and tomorrow’s Qatar. The program will offer courses on intercultural communication across settings and market sectors geared towards achieving effective intercultural communication in an inclusive and accessible society. Additionally, research in the intercultural communication field will generate new policies and e-applications geared towards implementing the outcomes of the distinct features of the program. These program outcomes will lead to the creation of innovative applications fit for heading transformative changes in Qatar and globally.

Graduates of the program are equipped to:

- Demonstrate a broad and critical understanding of the main theoretical approaches of intercultural communication and of relevant fields in the Humanities and the Social Sciences for the creation of original research.
- Judge the relevance of research methods and tools based on their appropriateness to a given context of intercultural communication.
- Apply appropriate strategies in the solving of intercultural problems in communication settings.
- Integrate the tools and techniques for managing intercultural communication in organizations within the private, public and non-governmental sectors.
- Possess and apply the communication skills required in interlinguistic and intercultural communication settings in view of adequacy, norms, and appropriate quality and ethical standards.
- Acquire the technological literacy and tools required for postgraduate research and professional intercultural communication.

Structure

The program offers core courses, including Foundations, Critical Approaches and Future Challenges in Intercultural Communication, Managing Communication in Intercultural Settings, Discourse and Communication Analysis, Research in Intercultural Communication: Tools and Methods, Intercultural Communication in the Community: Mediation & Interpreting, and Intercultural Communication in Organizations: Consulting & Management.

Additionally, MAICC students will be able to register electives across college programs, namely the Master of Arts in Digital Humanities and Societies (MADHS), the Master of Arts in Women Society and Development (MAWSD), the Master of Arts in Audiovisual Translation (MAAT) and the Master of Arts in Translation Studies (MATS).

Curriculum

The MAICC consists of 39 credits (18 credits of core courses, three credits for internship or independent study, nine credits for supervised research through thesis, and nine credits for elective courses). The degree program can be undertaken as two years full-time and three years part-time study. Students must complete the MA degree requirements within four years of program commencement.

Applicants seeking admission to the MA Degrees should have a bachelor's degree in a relevant field with a strong academic record (minimum 3.0 GPA out of 4) from a recognized university.

Applicants seeking admission to the PhD in Humanities and Social Sciences should have a master's degree in a relevant field with a strong academic record (minimum 3.0 GPA out of 4) from a recognized university.

Applicants are required to submit a minimum IELTS score of 6.5 or TOEFL score of 79 in order to demonstrate their proficiency in English. The IELTS or TOEFL score must be no more than two years old.

For applicants who are interested in programs within the Middle Eastern Studies Department, and MA in Intercultural Communication, further details about the language proficiency requirement and the process to seek exemption (where this is an option) are available from admissions.huqku.edu.qa

IELTS or TOEFL requirements will not be waived under any circumstances for applicants to the MA in Audiovisual Translation and the MA in Translation Studies. An English language-related major will not exempt applicants from this requirement, neither will holding any specific passport. Applicants to the MA in Audiovisual Translation and MA in Translation Studies should have strong language proficiency in Arabic. Applicants will be assessed on their Arabic language skills during the admissions interview and through a written assessment.
Application Requirements

Application:
A completed online application form
admissions.hbku.edu.qa

Academic transcripts:
Official electronic copies of transcripts should be submitted as part of the online application. Final transcripts and graduation statements are required for all previous university studies. All transcripts submitted should include an explanation of the grading system. For those who have not completed their current studies, transcripts must include results from the last completed semester of coursework. Transcripts in languages other than English or Arabic must be accompanied with an official translation. Applicants who are admitted to the program based on copies of or incomplete transcripts will be required to provide original transcripts upon enrollment in order to register for courses.

Standardized test results:
Official copies (where required) must be sent directly to HBKU. Please refer to the institutional codes below:
- TOEFL: 4981
- IELTS: No code required. Students should ask the IELTS center where they tested to send the IELTS TRF to Hamad Bin Khalifa University

Applicants should also submit copies of their test scores with the online application.

Letters of recommendation:
Applicants to the PhD program should submit two letters of recommendation, preferably from academic referees.

Personal statement of interest:
Applicants are required to submit a personal statement. The requirements vary by program. Please visit the website for further information.

Applicants to the Master of Arts in Intercultural Communication are asked to submit a personal statement (500-800 words) with two sections:

Section I: About the applicant, their journey, motivations, and goals:
- Introduce themselves and talk about their general interests
- Motivation to join a graduate program in intercultural communication
- Career objectives

Section II: Achievements and the skills which make them a good fit for the program.
- Volunteer, professional experiences/work
- Personal or academic achievements
- How the points mentioned above may relate to intercultural communication.

Applicants are welcome to add any other points that they find relevant.

PhD research proposal:
Applicants should submit a research proposal. Full details are available on our website.

Resume/curriculum vitae:
Applicants should submit a copy of their current resume or curriculum vitae with the online application.

Identification document:
All applicants should submit an electronic copy of their passport as part of the online application. Nationals and residents of Qatar should also submit their valid Qatari ID.
