

## RECOMMENDATION FORM NEW GRADUATE PROGRAMS

Please provide the following recommendation form to the two referees you have chosen and request that they write an accompanying letter of recommendation in addition to completing the form below. The referees should be in a position to evaluate your professional achievements. They should not be individuals reporting to you and/or related to you. Letters from members of your college or graduate school faculty who can discuss your academic performance are particularly valuable. If you have been out of school for several years and have difficulty securing an academic reference, you may substitute letters from employers or others who have worked closely with you. The referee should complete the form below and send it, together with their accompanying letter of recommendation, from their professional email to: **recommendations@hbku.edu.qa**. Subject of the email should include the name of the applicant and the program that they are applying to.
