

Day 1 Monday 30 Oct 2023

Time	Content
09:00 - 10:30	Breakfast & Registration
10:30 - 11:30	Opening Ceremony and Keynotes
11:30 - 12:00	Coffee Break
12:00 – 13:00	Panel Discussion 1: Food Security & Sustainable Agriculture in Desert Climates
13:00 - 14:30	Lunch and Networking Break
14:30 - 15:30	Panel Discussion 2: Evidence-Based Policymaking: The Role of Region-Specific Research in Policy Development
16:00 - 18:00	Reception Hosted by Enbat Holdings

Day 2 Tuesday 31 Oct 2023

Time Content 07:30 - 08:30 Breakfast 08:30 - 09:30 Plenary 1: Water Desalination and Management Professor Ho Kyon Shon Head of Discipline, Environmental and Water Engineering University of Technology Sydney, Australia 09:30 - 10:30 Panel Discussion 3: Circular Economy & Sustainable Water Management in Arid Regions 10:30 - 11:00 Coffee Break 11:00 - 12:30 Parallel Technical Sessions • Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar • Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar • Energy Management and Integration Keynote: Professor Dragan Boscovic, Arizona State University, USA 12:30 - 14:00 Lunch & Networking Break 14:00 - 15:30 Parallel Technical Sessions • Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA • Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break 16:00 - 17:30 Parallel Technical Sessions • Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK • Environmental Monitoring and Waste Management: Waste Management 17:30 - 18:30 Poster Session 1 18:30 - 18:45 Free Evening with Optional Bus Transfers to Souq Waqif		
08:30 – 09:30 Plenary 1: Water Desalination and Management Professor Ho Kyon Shon Head of Discipline, Environmental and Water Engineering University of Technology Sydney, Australia 09:30 - 10:30 Panel Discussion 3: Circular Economy & Sustainable Water Management in Arid Regions 10:30 - 11:00 Coffee Break 11:00 - 12:30 Parallel Technical Sessions • Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar • Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar • Energy Management and Integration Keynote: Professor Dragan Boscovic, Arizona State University, USA 12:30 - 14:00 Lunch & Networking Break 14:00 - 15:30 Parallel Technical Sessions • Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA • Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break 16:00 - 17:30 Parallel Technical Sessions • Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK • Environmental Monitoring and Waste Management: Waste Management		
Professor Ho Kyon Shon Head of Discipline, Environmental and Water Engineering University of Technology Sydney, Australia 09:30 - 10:30 Panel Discussion 3: Circular Economy & Sustainable Water Management in Arid Regions 10:30 - 11:00 Coffee Break 11:00 - 12:30 Parallel Technical Sessions • Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar • Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar • Energy Management and Integration Keynote: Professor Dragan Boscovic, Arizona State University, USA 12:30 - 14:00 Lunch & Networking Break 14:00 - 15:30 Parallel Technical Sessions • Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA • Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break 16:00 - 17:30 Parallel Technical Sessions • Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK • Environmental Monitoring and Waste Management: Waste Management	07:30 - 08:30	Breakfast
Head of Discipline, Environmental and Water Engineering University of Technology Sydney, Australia 9:30 - 10:30 Panel Discussion 3: Circular Economy & Sustainable Water Management in Arid Regions 10:30 - 11:00 Coffee Break 11:00 - 12:30 Parallel Technical Sessions • Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar • Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar • Energy Management and Integration Keynote: Professor Dragan Boscovic, Arizona State University, USA 12:30 - 14:00 Lunch & Networking Break 14:00 - 15:30 Parallel Technical Sessions • Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA • Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break 16:00 - 17:30 Parallel Technical Sessions • Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK • Environmental Monitoring and Waste Management: Waste Management	08:30 - 09:30	Plenary 1: Water Desalination and Management
Arid Regions 10:30 - 11:00 Coffee Break 11:00 - 12:30 Parallel Technical Sessions		Head of Discipline, Environmental and Water Engineering University of
11:00 - 12:30 Parallel Technical Sessions • Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar • Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar • Energy Management and Integration Keynote: Professor Dragan Boscovic, Arizona State University, USA 12:30 - 14:00 Lunch & Networking Break 14:00 - 15:30 Parallel Technical Sessions • Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA • Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break 16:00 - 17:30 Parallel Technical Sessions • Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK • Environmental Monitoring and Waste Management: Waste Management	09:30 - 10:30	
Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar Energy Management and Integration Keynote: Professor Dragan Boscovic, Arizona State University, USA 12:30 - 14:00 Lunch & Networking Break Parallel Technical Sessions Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar Coffee Break 16:00 - 17:30 Parallel Technical Sessions Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK Environmental Monitoring and Waste Management: Waste Management	10:30 - 11:00	Coffee Break
14:00 - 15:30 Parallel Technical Sessions • Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA • Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar • Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break Parallel Technical Sessions • Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea • Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK • Environmental Monitoring and Waste Management: Waste Management	11:00 - 12:30	 Desalination and Brine Management & Mining Keynote: Professor Syed Javaid Zaidi, Qatar University, Qatar Environmental Policy Keynote: Dr. Mohammad Al-Saidi, Qatar University, Qatar Energy Management and Integration
 Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar Food Security in Arid Regions Keynote: Dr. Delphine Acloque, Ministry of Municipality, Qatar 15:30 - 16:00 Coffee Break Parallel Technical Sessions Water Resources and Large-Scale Water Management	12:30 - 14:00	Lunch & Networking Break
 16:00 - 17:30 Parallel Technical Sessions Water Resources and Large-Scale Water Management	14:00 - 15:30	 Environmental Monitoring and Waste Management: Monitoring Keynote: Professor Dionysios Dionysiou, University of Cincinnati, USA Hydrogen and CO2 management Keynote: Professor Nimir Elbashir, Texas A&M University at Qatar Food Security in Arid Regions
 Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK Environmental Monitoring and Waste Management: Waste Management 17:30 – 18:30 Poster Session 1	15:30 - 16:00	
	16:00 - 17:30	 Water Resources and Large-Scale Water Management Keynote: Dr. Amgad Elmahdi, Green Climate Fund, South Korea Corrosion solutions Keynote: Professor Richard Barker, University of Leeds, UK
18: 30- 18:45 Free Evening with Optional Bus Transfers to Souq Waqif	17:30 - 18:30	Poster Session 1
	18: 30- 18:45	Free Evening with Optional Bus Transfers to Souq Waqif

Day 3 Wednesday 01 Nov 2023

Time	Contont
Time 07:30 - 08:30	Content Breakfast
08:30 - 09:30	Plenary 2: Energy Transition Towards Net Zero: Progress, Challenges and Outlook
	Professor Alberto Troccoli Managing Director at World Energy & Meteorology Council, UK
09:30 - 10:30	Panel Discussion 4: Energy Transition: Towards Net Zero
10:30 - 11:00	Coffee Break
11:00 - 12:30	 Parallel Technical Sessions Economics and Policy of Energy Transition Keynote: Professor Damilola Olawuyi, Hamad Bin Khalifa University, Qatar Wastewater Treatment and Resource Recovery (1) Keynote: Dr. Peter Desmond, , Hamad Bin Khalifa University, Qatar Digital Environment and Smart Solutions Keynote: Mr. Santiago Bañales, Iberdrola Innovation Middle East, Qatar
12:30 - 14:00	Lunch & Networking Break
14:00 - 15:30	 Parallel Technical Sessions Sustainable Energy Conversion Solutions (1) Keynote: Dr. Yusuf Bicer, Hamad Bin Khalifa University, Qatar Air Quality Challenges in Arid Regions Keynote: Dr. Diana Francis, Khalifa University, UEA Wastewater Treatment and Resource Recovery (2)
15:30 - 16:00	Coffee Break
16:00 - 17:30	 Parallel Technical Sessions Sustainable Energy Conversion Solutions (2) Environmental Monitoring and Waste Management: Environment and Health Keynote: Professor Fares AlMomani, Qatar University, Qatar Water Sector Technology Advances: Moving from Research Towards Commercialization Keynote: Dr. Sudhir Sharma, Green Boom, Qatar
17:30 - 18:30	Poster Session 2
19:30 - 21:30	Conference Gala Dinner (Hosted at EXPO2023 & Sponsored by KAHRAMAA) – Registration is required

Day 4 Thursday 02 Nov 2023

Time	Content
07:30 - 08:30	Breakfast
08:30 - 09:30	Plenary 3: Climate Change Impacts in the MENA and the GCC regions
	Professor Jos Lelieveld Director, Atmospheric Chemistry Department Max Planck Institute for Chemistry, Germany
09:30 - 10:30	Panel Discussion 5: Climate Change and Environmental Pollution: Adaptation, Mitigation and Health Impacts
10:30 - 11:00	Coffee Break
11:00 - 12:30	 Parallel Technical Sessions Climate Change: Impacts and Adaptation in Arid Regions Keynote: Dr. Krishna Kumar Kanikicharla, Qatar Metrology Department Energy Demand and Efficiency Keynote: Professor Atif Iqbal, Qatar University Novel materials & Sustainability
12:30 - 14:00	Lunch & Networking Break
14:00 - 15:00	Panel Discussion 6: The Energy-Water-Environment Nexus in National Development Strategies -including an introduction of the Arid City Network initiative.
15:00 - 16:00	Awards & Closing Ceremony
17:00 – 20:00	Cultural Visit and Reception at Qatar National Museum (Hosted by QNM & Enbat Holdings) – <i>Registration is required</i>
